

celluma^{POD}

Handheld 4-Mode
Professional-Grade LED
Light Therapy Device

FDA-CLEARED TREATMENT MODES:

-  Aging Skin
-  Acne
-  Body Contouring
-  Pain

The Celluma POD Series 2 is the world's most versatile handheld LED light therapy device. Perfect for targeted spot treatments, it's the only one of its kind featuring 4 FDA-cleared treatments in a single device. Ultra-portable, battery-powered, compact, and simple to use, the POD is the ideal travel buddy or personal use device for anyone who wants convenient access to trusted technology anywhere—at home, in the office, or on-the-go.

Device Features

- ✓ **Acne Mode:** Kills acne-causing bacteria (C. acnes) and helps prevent future breakouts.
- ✓ **Wrinkles Mode:** Improves skin texture, reduces fine lines and wrinkles, and supports collagen and elastin production.
- ✓ **Pain Relief Mode:** Provides temporary relief of muscle and joint pain, including arthritic pain, stiffness, and inflammation. Increases local blood circulation.
- ✓ **Body Contour Mode:** Spot-targeted body contouring to shrink fat cells and slim specific body areas of the hips, waist, and thighs.
- ✓ **Portable Companion:** Small enough to travel with, yet powerful enough to complement your larger Celluma panels.
- ✓ **Personal Use:** Easy to use at home, at work, or wherever you need a little extra care.
- ✓ **Entry-Level Friendly:** An affordable way to start experiencing the benefits of Celluma light therapy.
